Brian Olatunji and Toyo Tires Put a Grip on 2010 NHRA Racing Season

Detroit, MI - February 10, 2010 – Aspiring NHRA Fuel Funny Car driver and 2005 Kettering University (formally GMI) graduate in Mechanical Engineering; Brian Olatunji and the Leadfoot Motorsports team are pleased to continue to ride and drive on Toyo Tires for the upcoming 2010 NHRA All Motor and Chaos heads-up divisions.

“Why the need for a burnout? Well it’s definitely for the show because Toyo Tires Proxes product line would hook-up on wet pavement. Their product is the class of the field and we are proud to continue our relationship with them for a fifth consecutive season, said Olatunji”

Brian O and the Leadfoot Motorsports program began their partnership in 2006 and look to add additional value to the relationship by putting the teams Chevrolet Monte Carlo in the 2010 winners circle.

Stated Olatunji, “Continuing our partnership is marquee but we could not do this without providing value to our partners and we are thankful our partners such as Toyo Tires continue to see the value of our partnership.”

“We thank Mr. Chen and the entire Toyo Tires Company for their belief in our program and look forward to a promising 2010 season. To our many fans look for a dynamic marketing campaign filled with opportunities to interact with the Leadfoot Motorsports team as well as a sleek new paint scheme on the hot rod,” said a jubilant Olatunji.
